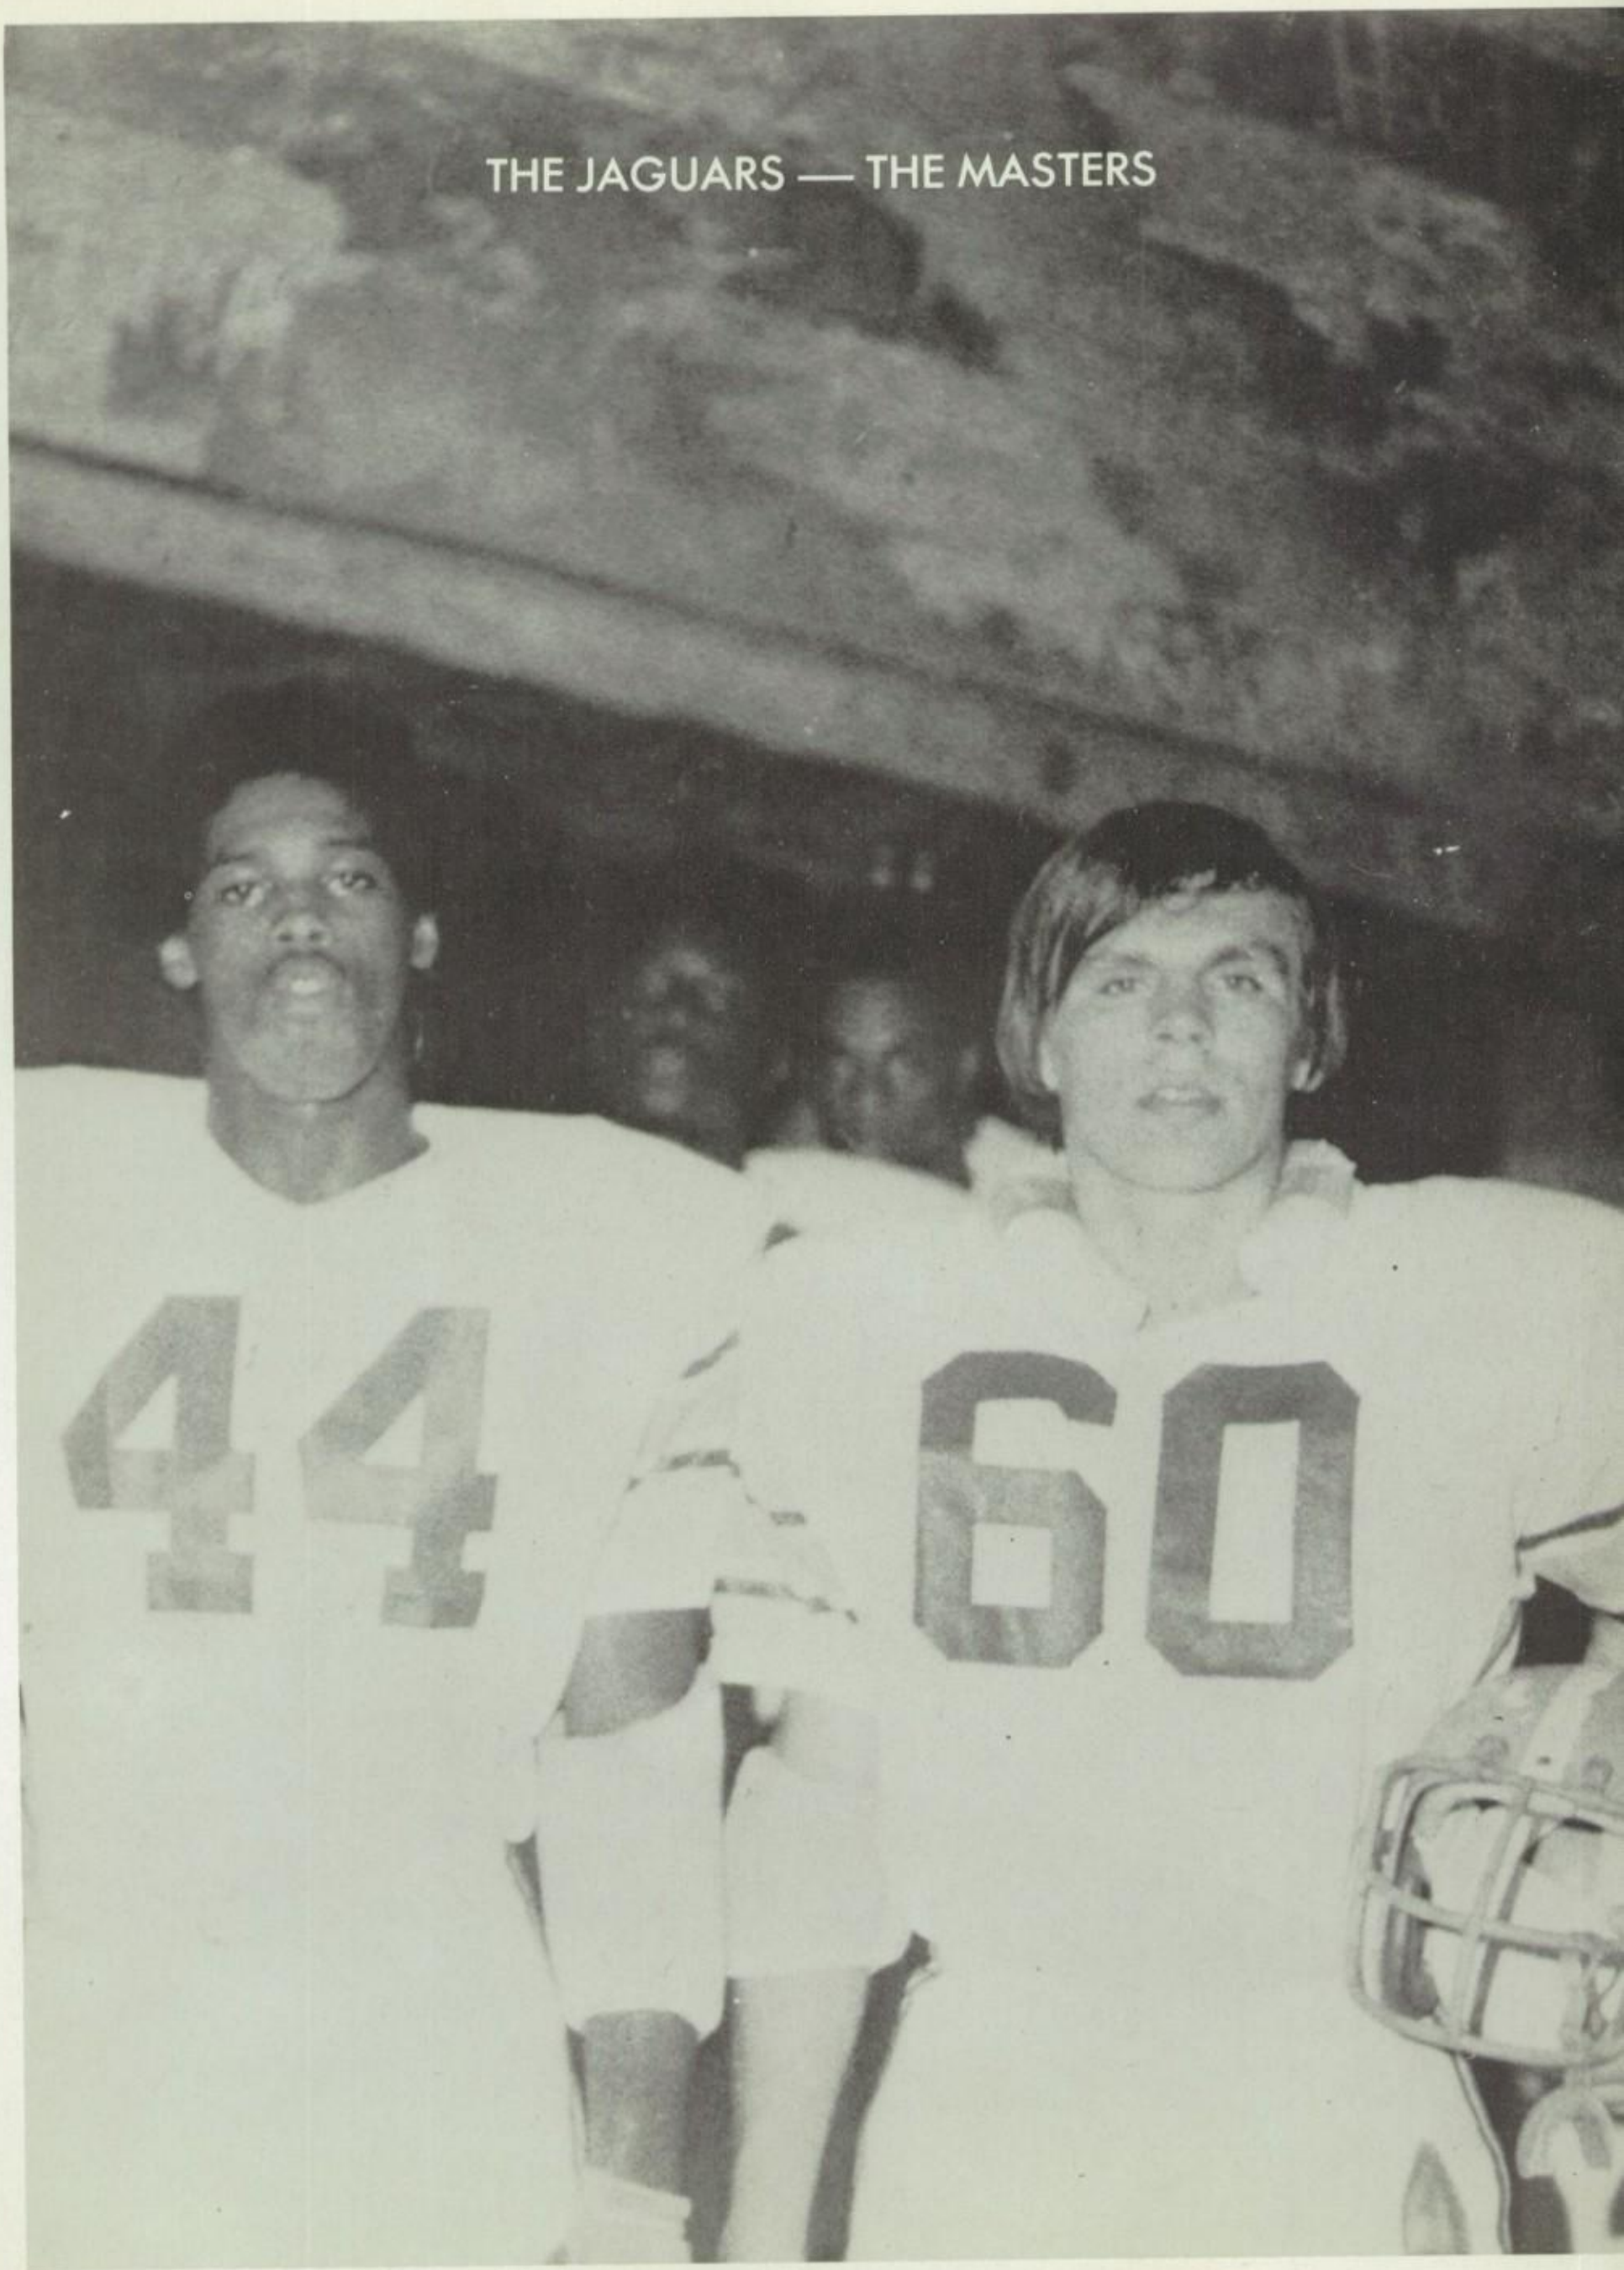
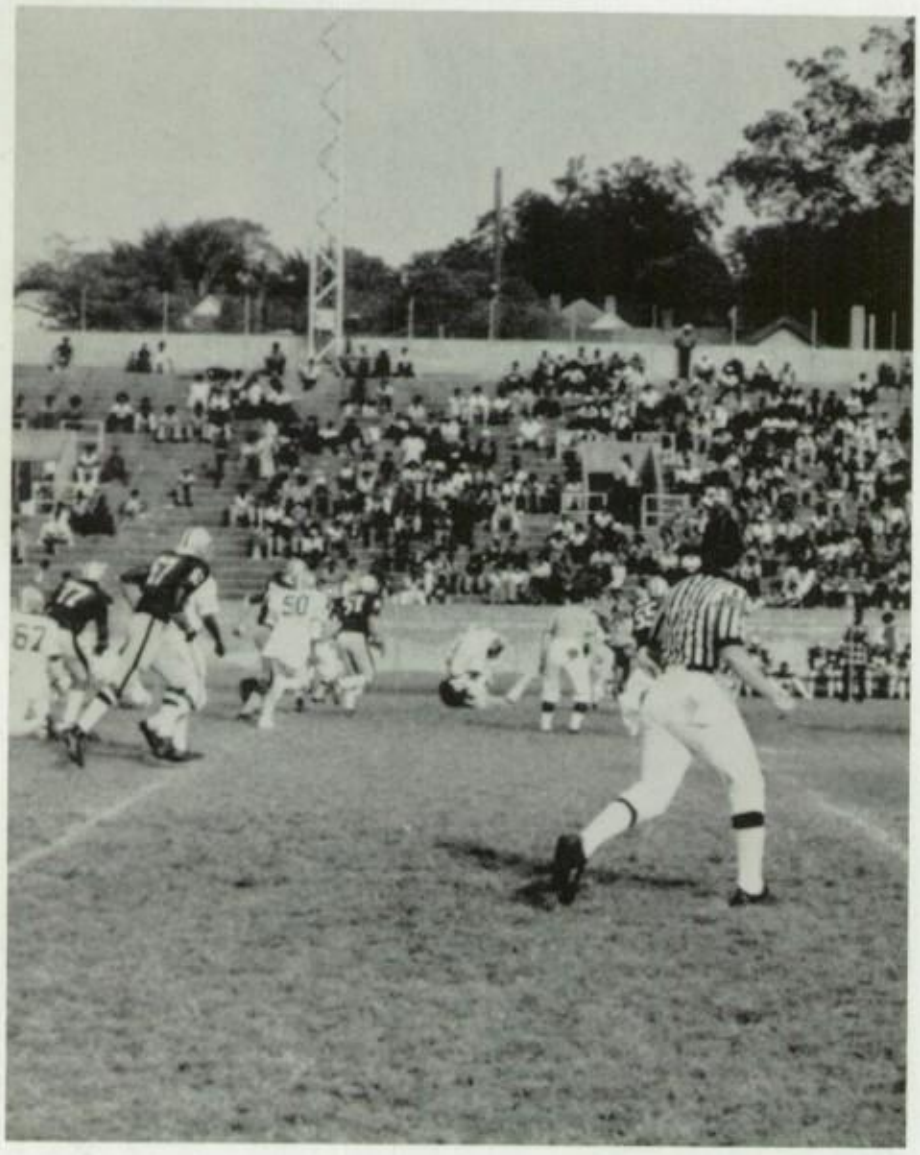
THE JAGUARS — THE MASTERS



DARELL RANSOM SCORES A TOUCHDOWN.

THE INVINCIBLE JAGUARS



The Brown High Jaguars began the season with a tremendous spurt beating Fulton — 12-6 and Smith — 23-22. Many people were taken by surprise. They should not have been: The Press predicted Brown to win most of their games.

The luster of this tremendous start was not diminished until the game with Roosevelt when, for some reason, the Jaguars experienced a slump resulting from a series of errors. That championship potential was obvious, but they were not allowing it to emerge. After losing five straight games, the Jaguars came up with an inspiring performance agains Sylvan showing perhaps the greatest offensive effort ever at Brown, 67-7. There were regrets that this fine outing came at the end of the season, but evidently the Jaguars had found the way to a championship and will undoubtedly travel in next year.

Mr. W. H. Cleveland
Principal, Brown High School

AN OPEN LETTER TO ALL STUDENTS:

During the five years you have been in high school, many changes have taken place in our world. Also, many changes have taken place in your lives. Needless to say, many changes have taken place here at our school. I would like to think that the changes for the better were brought about because of the dedication and contributions that you have made to this school.

It has been our goal to prepare you for the many changes that you will encounter in the years ahead. How successful we have fulfilled this goal will be determined by the directions you will take in the future. It was once stated by Solomon, "Get knowledge and understanding." This, we would agree, is necessary for successful living. I would like to add, "Develop patience, tolerance and love for your fellow man." These things will prepare you for the changes that will come in the years ahead.

I speak for the faculty and staff in saying that we stand ready to assist you in any way possible so that you may be a true representation of the Brown High School spirit.

Mr. A. J. Shepard

Mr. J. Swinney

Miss D. Andrews

PROFILE:

Mrs. Lucile B. Perrino, Teacher of the Year, 1973-74.

Mrs. Perrino's educational background is quite varied: A.B. degree, Spelman College; M.A. degree, Atlanta University; further studies at the University of California, Oklahoma State University; Western State College, Colorado; Western Washington State College.

Throughout her career as a teacher, Mrs. Perrino has received many honors which include Teacher of the Year at David T. Howard High School; Regional Teacher of the Year Award in 1960 for outstanding service to classroom teachers; Pres. of the Association of Classroom Teachers, State of Georgia; a plaque from GTEA for outstanding efforts in promoting quality education; a Certificate of Participation from the National Program in the Use of Television, 1960.

In addition to this very impressive background, Mrs. Perrino is active in her community and at the Mount Olive Baptist Church.

When asked what advice she would give to other teachers, Mrs. Perrino replied, "Be concerned about your job, don't waste a person's time and help students develop their potential, because everybody can do something."

Mrs. Perrino is married to Mr. Samuel Perrino and has a son, Larry.

The Brown High School family extends congratulations to you, Mrs. Lucille Perrino. May the remainder of your teaching career be as rewarding as those years you have already known.

TRIBUTE:

We salute Mrs. Roberta Stender who retires this year after sixteen years of service at Brown High School in the capacity of library assistant, school bookkeeper and equipment-textbook coordinator. She also served as registrar for the Brown Community School.

One looks forward to retirement as a time of leisure, a time for travel, a time to pursue and develop hobbies. These happy times we wish for Mrs. Stender in the years ahead, but she will indeed be missed at Brown. It will be a while before we no longer expect to see her in the library, for we've grown accustomed to her voice, accustomed to her smile, accustomed to her face.

AFTER GRADUATION
. . . WHAT?

Got your future planned? Are you doing anything constructive or are you just putting in hours until "your break" comes along?

Why not get involved? Be a part of something proud, the Air Force Reserve . . . full-time involvement through part-time service.

Monthly paychecks . . . free space-available travel throughout the 50 states and Puerto Rico on military aircraft . . . free educational opportunities in many fields . . . these are just some of the benefits that await you in the Air Force Reserve.

Let the military be a trade school for you — or if college is in your future, let the Air Force Reserve provide "extra" spending money.
